

PROFESSIONAL POOL LINERS

2021

Pools make people happy,
Merlin makes pools happy!

Transform your backyard into a spectacular showcase with one of our professional vinyl pool liners.

SHELTER COVE AQUA INTENSE LINER

The name Merlin Industries is your assurance of a professional product, truly the best value for your investment to be found anywhere. **Better** designed to meet your needs. **Better** manufactured with **Better** materials to withstand the elements. **Better** supported over their lifetime.

In a Merlin liner, appearance and quality construction come together beautifully and it all begins with the pattern design. Many of our patterns are **Merlin Signatures** that are developed in collaboration with professional designers who are in-tune with the latest home decor and color trends.

ALL GOLD COAST FLOOR LINER

Our liners are custom designed to provide the best fit and durability. Our designs are specific to your pool and do not rely on extreme stretch to fit. Each liner is CAD-designed and custom manufactured to accommodate steps, angles, objects, and unique configurations.

ISLAND GRANITE LINER

Know where your vinyl comes from. All Merlin liners are manufactured from 100% North American virgin vinyl.

All of our vinyl liner patterns come from suppliers located in the United States or Canada. We refuse to import low-cost vinyl from countries whose formulation and quality standards are not regulated like North America's. We can ensure that high quality standards are followed in our vinyl production, compared to companies that rely on cheap off-shore manufacturers.

Merlin even has your seams covered!

Our Silk Seam process creates a flatter seam that is easy on your feet and is less likely to catch debris!

Tex-Step Textured Vinyl*

Tex-Step textured vinyl is a great addition to your pool steps and benches.

Merlin offers textured vinyl in all of our floor patterns to coordinate with your pool bottom choice. Textured vinyl provides better slip resistance than standard vinyl & helps make your pool safer for kids, friends and summer fun.

THICKER PROTECTIVE TOP COAT

HIGH MOLECULAR WEIGHT POLYMER

UV AND BLEACH RESISTANT INKS

For years, pool owners have been looking for a better pool liner, only to be told that all they can do is get a thicker liner. Thicker liners are still subject to the same ultraviolet, chemical and heat damage as standard liners.

Aqua-Max liners are specifically formulated to provide greater ultraviolet resistance and far greater resistance to today's pool chemical systems and chemical misuse. Aqua-Max vinyl also contains over twice as much anti-fungal and anti-bacterial protection than standard liners.
